It's Never too Late is the first official spin-off of the popular TV series Don Matteo.

Set within the narrative universe of Don Matteo, this series brings a fun and enjoyable approach to learning the rudimentary basics of the internet and its uses. Words like hashtag, streaming, selfie and wi-fi will no longer be foreign to anyone with Sergeant Cecchini and Pippo's hilarious sketches and the extraordinary patience of their exceptional teachers, Captain Tommasi and Lia. First at the police station and then at Cecchini's home, our two friendly students, Cecchini and Pippo, will discover how practical and, above all, convenient it is to send emails, purchase theater tickets without waiting in line, buy with one-click and perform banking operations directly from home. Broadcast on primetime TV on Rai Uno, the series was greeted with acclaim by both audiences and critics.
